BLANCO

BLANCO UNIT
drink. prep. clean.

WELCOME TO THE WORLD OF BLANCO

BLANCO is all about systems that are meticulously designed down to the finest detail for the kitchen water hub in residential homes.

The brand has won over consumers worldwide with its modern design, ergonomic handling, and reliable product quality.

All components are perfectly integrated with one another, from the mixer tap to the sink, and all the way through to the base cabinet configuration.

BLANCO Indonesia Home of Premium High End Kitchen Sinks and Taps from Germany.

Tranindo Sejahtera is the sole distributor for BLANCO Germany products since 1986. Starting with only few varieties of kitchen sinks products for Indonesian market, BLANCO in Indonesia keep on expanding its portfolio to meet the growing market.

Now, BLANCO Indonesia offers more than 100 variety of premium Silgranit and Stainless Steel kitchen sinks and mixer tap products to meet the needs of different kitchen style in Indonesia. With more than 34 years of experience, BLANCO products has been widely distributed all across Indonesia.

As such, BLANCO systems make a significant contribution towards sustainably upgrading high-quality kitchens around the globe with everyday convenience and benefits when it comes to preparing food, drinking and cleaning.

Founded over 90 years ago, the company is now one of the leading manufacturers worldwide. The company headquarters and key production sites are in southwest Germany.

With Tranindo Sejahtera, BLANCO commit to focus on providing Indonesian, outstanding kitchen products, after sales maintenance and various high-quality and luxurious products that will make your kitchen area a comfortable place and ideal for activities.

BLANCO VINTERA FARMHOUSE/APRON SINK BLANCO CATRIS-S FLEXO BLACK MATT

BLANCO VINTERA XL 9-UF

The stunning farmhouse sink is ideal for any type of kitchen. BLANCO Vintera XL 9-UF is designed to be spacious and highly functional to fit the whole family.

BLANCO Vintera phenomenally translates traditional elements into a contemporary style like no other, along with the benefit of Silgranit material.

The sink can either be installed as flush-mounted or undermount according to the user's preference.

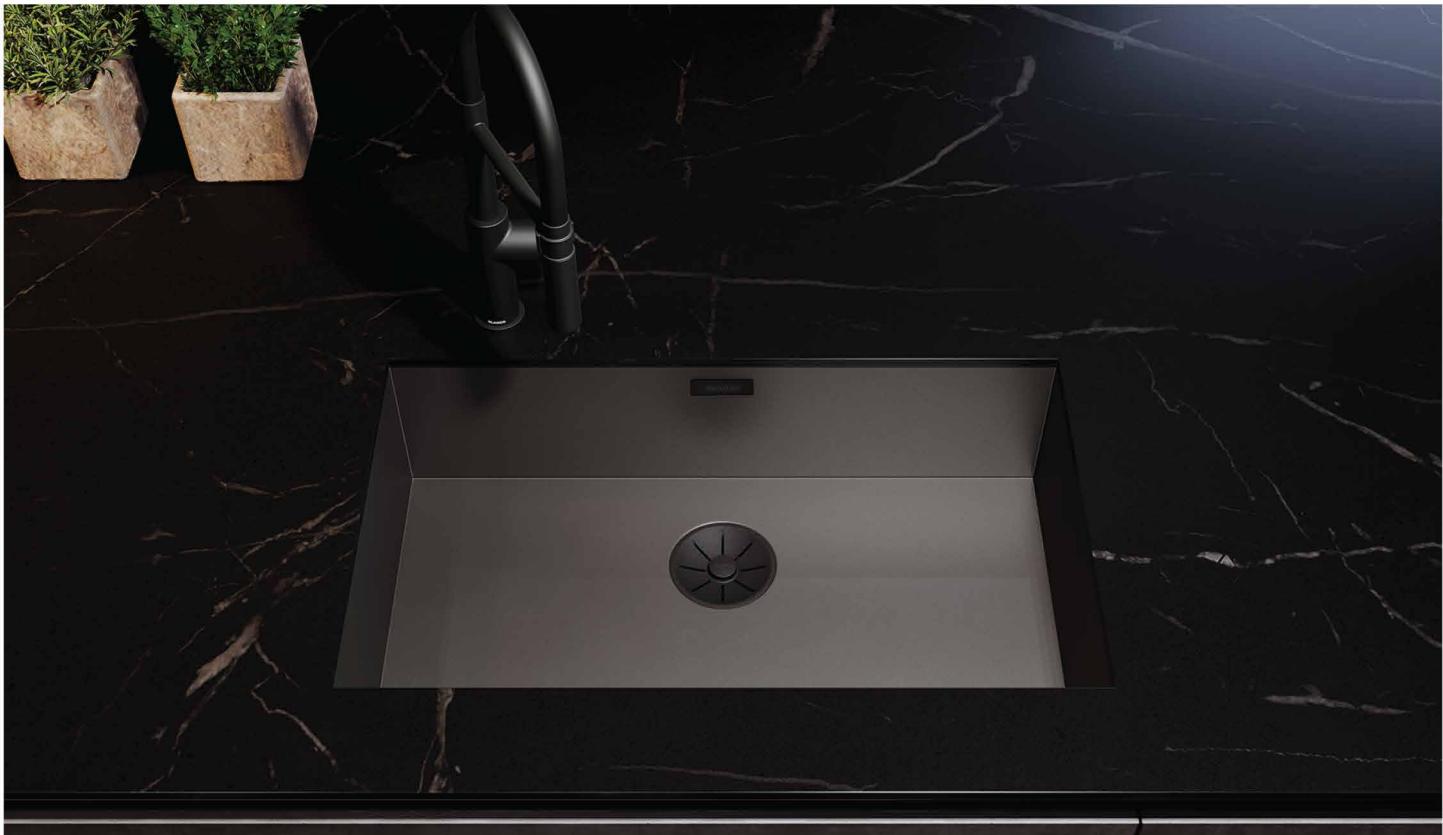

BLANCO CATRIS-S FLEXO

The new semi-professional designed mixer tap BLANCO Catris-S Flexo brings a new level of beauty to your kitchen, with a black matt surface finish that creates a sophisticated and elegant contrast with the surroundings.

Equipped with an eye-catching flexible spout made of black matt rubber coating that sets modern accents in any household kitchen. It offers a fantastic ease of use and a large range of action thanks to its easy to detach and re-attach to its magnetic holder.

BLANCO DARK STEEL

New, Elegant, Dark Metal Stainless Steel

Dark Steel is a new, elegant, dark metal Stainless Steel surface. An exclusive look, stylish and warm, with fine texture and a velvety feel. Truly versatile, its harmonious tone matches easily with a large palette of colours and materials.

Durability is built into its simplicity, high-quality, pure stainless steel is used without surface coating. The consistent dark surface is purely down to BLANCO's near-century of expertise in Stainless Steel.

Easy to clean and care for, dirt and marks are easy to remove and the natural properties of the finish repel oily fingerprints. To top it off, it's unique, expertly crafted and stunning.

BLANCO ETAGON MULTI-LEVEL BOWLS BLANCO LINUS-S SILGRANIT™ LOOK

BLANCO ETAGON 6

ETAGON 6 is suitable for installation from above, with an elegant, low - profile rim and continuous tap ledge.

BLANCO ETAGON 6 is a generously integrated designed sink that creates a better additional function level and ETAGON's innovative multi-level system with versatile ETAGON rails.

BLANCO LINUS-S NOW IN COLOUR

LINUS-S has been one of BLANCO's most popular mixer taps families for years.

The minimalistic, contemporary design plays an important role in this: the wide, cylindrical base with the transverse control lever element radiates stability without weighing down. This is followed by the slim, right-angled spout over which even tall vases and large pots can easily be filled.

The BLANCO LINUS-S version also has an extendable spout for even more flexibility in kitchen work.

LINUS-S in Indonesia is now available in multiple colour to fullfill everyone's creative imagination.

BLANCO

BLANCO SUBLINE Steel Frame

BLANCO SUBLINE 500-IF/A Steel Frame

The innovative and unique combination mix of Silgranit and stainless steel material created the ultimate sophisticated BLANCO SUBLINE 500-IF/A SteelFrame.

The stainless steel beautifully wrapped the Silgranit surface gives a modern clean accent to your kitchen and is suitable for lay-on installation, especially for laminated worktops.

BLANCO LEGRA

BLANCO LEGRA XL 6 S

BLANCO LEGRA XL 6 S is designed with beautiful classic lines combined with modern functionality. The sink is comfortable to use with a deep bowl and spacious work area and can be installed reversibly.

BLANCO LEGRA 8 S

BLANCO LEGRA 8 S is the ultimate timeless design with a mix of both classic and modern elements. The sink has an extra-large capacity with a deep set of double bowls to create the best kitchen experience.

BLANCO SMART TAPS

BLANCO EVOL-S VOLUME

Perfection is everything working precisely. Like the EVOL-S Volume from BLANCO. Thanks to its integrated measuring cup function, the EVOL-S Volume always provides exactly the amount of water that you need, which can be set precisely using the rotary control and intuitive touch operation.

“Always The Exact Amount Of Water You Need.”

BLANCO TAMPERA HOT

No more waiting for you to get steamy hot water! Now you have the smart BLANCO TAMPERA Hot 3-in-1 mixer tap instead. 3-in-1 means cold, warm and instant boiling water from a single mixer tap.

“Boiling Hot Water In No Time.”

BLANCO FONTAS S-II FILTER

When you're really thirsty, there's no better feeling than knowing that you have high-quality water you can rely on. Less limescale, more taste: BLANCO FONTAS S-II FILTER systems make water simply delicious and safe to consume.

“A Fresh Drink Of Water Can Be Utterly Delicious!”

BLANCO SOLENTA-S SENSO

Everyone is familiar with the situation of having both hands full in the kitchen. And it's just then that you need some water. The SOLENTA-S Senso has just the smart system to help, and is setting a new benchmark with its innovative sensor technology and start-stop function.

“Sophisticated Touch-Free Operation.”

SILGRANIT™ SINK UNITS

Unsurpassed Quality.

Easy Care

Stains and signs of use can be removed easily with a scouring sponge and water.

Scratch-resistant

Extremely strong and scratch-proof. Silgranit is not damaged by the normal use of knives.

Heat-resistant

Sinks made of Silgranit are heat resistant up to 280°C.

Impact-resistant

The tremendous impact resistance protects the sink against damage, e.g. by a failing saucepan.

Hygienic

Hygiene+Plus is a shield against dirt and bacteria, and makes cleaning easier.

Safe for food use

All kind of foods can be prepared directly on the Silgranit sink.

Acid-resistant

Silgranit is resistant to acidic household cleaning products and foods.

Non-fading

The colour also remains unchanged even in direct sunlight.

Pleasantly natural

The stony-silky surface and very finely-pored, closed surface create a soft stone-like character that is wonderful to touch.

STAINLESS STEEL SINK UNITS

Classic. Timeless. Beautiful.

Premium Quality

BLANCO uses only the highest quality stainless steel. Quality checks and innovative finishing processes ensure that every sink is a pure quality product.

Hygienic

The surface of BLANCO stainless steel is smooth and pore-free. The extended use of stainless steel in the food industry stands for its exceptional hygienic properties.

Safe for Food Use

Stainless steel taints neither the appearance nor the flavour of the food.

Robust

Stainless steel is robust. Any dishes that drop onto it will not break easily and the impacts are absorbed.

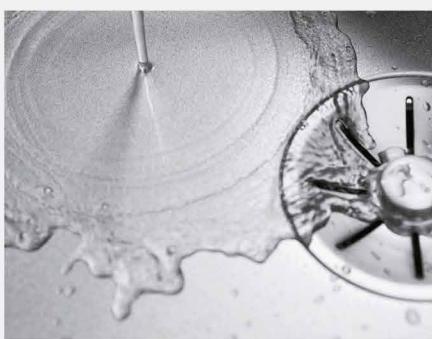

Resistant

High-quality BLANCO stainless steel has a natural resistance to common household acid and stains e.g. coffee, tea, fruits, and vegetables.

Easy Care

Stainless steel products by BLANCO retain their value and brilliance for decades with the minimum care.

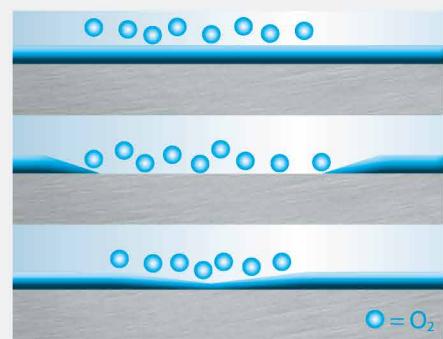

Heat-resistant and non-fading

Stainless steel is heat-resistant to 300°C, and will not change even in extended sunlight.

Rustproof

Stainless steel is always rustproof. Any flecks of rust formed on the surface are extraneous rust, and can easily be removed again.

Self-healing

Stainless steel is constantly renewing itself. The self-healing surface, known as the passive layer, regenerates constantly under the influence of oxygen.

BLANCO INSTALLATION SOLUTIONS

Installation From Above

Classic installation from above with a conventional profiled rim.

- Large selection of sinks in Stainless Steel and Silgranit
- Suitable for all worktop materials
- Uncomplicated and quick installation

Flat Rim IF

Elegant and modern look thanks to the almost flushmount appearance.

- Wide product programme of stainless steel sinks with the flat rim IF
- Lay-on installation option is ideal for laminate worktops
- One model, two installation options
 - Installation from above, top mounted (safe and quick mounting)
 - Flushmount installation

Flushmount Installation

Visual unity between sink and worktop with no irritating edges - functional and contemporary.

- Wide selection of Silgranit models with special rim design for flushmount installation
- Recommended for worktops in natural or artificial stone
- Permanent and safe connection of sink and worktop thanks to mechanical supporting elements and the jointing with sealant

Flush Undermounted Installation

Almost smooth installation from below for a modern and elegant look.

- Suitable for laminate worktops
- Extremely long lasting adhesion using casting resin in a precisely made worktop cut-out

Undermount

Smooth, continuous installation of bowls and sinks for a harmonious overall impression.

- Suitable for a wide range of our Stainless Steel and Silgranit sinks
- Suitable for worktops in natural or artificial stone, ceramic or glass
- Special supporting elements are used to secure the sink to the underside of the worktop, then it is jointed with sealant

BLANCO MIXER TAPS BENEFITS

Certified Quality

BLANCO's mixer taps have passed multiple intensive tests and certified in its product's quality to fulfill the market's standard.

Award-Winning Design

BLANCO's mixer taps are designed wonderfully to be lifetime classics and have won multiple awards.

Perfect Harmony

BLANCO's mixer taps are designed to look effortlessly perfect and match with a wide variety of kitchen sinks.

High Quality Components

Every single component in use for BLANCO's mixer taps were produced by the latest and most sophisticated technology.

Qualified Components

The components of BLANCO's mixer taps always gone through multiple test and certifications to ensure the standard security of use and hygiene.

Ease Of Use

Design mechanisms are precisely made and strong for user to operate the products for daily use.

Ceramic Seal & Cartridge

The ceramic seal inside BLANCO products are extremely strong and long lasting, and it makes the valve operates better.

Dirt Filter

The filters inside BLANCO products prevent dirt and materials that potentially ruin the product. BLANCO filters make sure that the mixer taps work perfectly and last long.

Secured Valve

Integrated valve keep the water circulation when the spray is in use.
